2. In chapter XXXIII of the Regulations, insert the following before the subdivision General (page 197):—

#### *Anthropology.*

The course in Anthropology shall include both Physical and Cultural Anthropology. Physical Anthropology shall be studied from the zoological, palaeontological, physiological, psychological and ethnological point of view. Cultural anthropology shall be studied from the archaeological, technological, sociological, linguistic and ethnological point of view. The entire subject shall be treated with special reference to Indian conditions and problems past and present. Candidates shall be expected to possess a general knowledge of such subsidiary subjects as archaeology, human anatomy, geography, psychology, zoology, physiology, statistics with special reference to biometrics, insofar as such acquaintance is necessary for the proper understanding of anthropology; but they shall not be required to pass a special examination in the subsidiary subjects.

Six theoretical papers of four hours each shall be set at the examination; there will also be an oral and practical examination extending over two days. Each written paper shall carry 100 marks; and 200 marks shall be allotted to the oral and practical examination. In order to pass, a candidate must obtain 216 marks in the aggregate of the written papers, and 72 marks in the oral and practical examination; but if in any written paper, a candidate obtains less than 25 marks, those marks shall not be included in his aggregate. Candidates obtaining 360 marks shall be placed in the second class and those obtaining 480 marks in the first class.

Candidates may be permitted to substitute a piece of research work in lieu of written examination in two papers, provided they possess such qualifications and fulfil such conditions as may, from time to time, be prescribed in this behalf by the Board of Higher Studies concerned.

Detailed syllabuses will be prescribed and books recommended from time to time by the Board of Higher Studies concerned, so as to indicate the extent and standard of knowledge required.

The following scheme has been approved for the award of the medal:—

- (1) That the income of the fund be applied for the encouragement of original research in Letters and Science.
- (2) That a gold medal of the value of Rs. 300, to be called 'Sir Asutosh Mookerjee Medal,' be struck annually from a die specially prepared for the purpose and be awarded to the author of the best original thesis on Letters or Science, alternately.

- (3) That the medal be open to competition among all persons who have at any time been admitted to a degree in this University.
- (4) That candidates for the prize be required to submit their theses to the Registrar on or before the 31st December of the year for which the medal is to be awarded, under a distinguishing motto, the name of the candidate to be forwarded at the same time in a sealed envelope with the motto outside.
